Stewardship and Outdoor Skills – Earn 3 CTS Credits in Jasper National Park!

What three credits will I earn?

Course ENS 1010: Introduction to Stewardship

- What is environmental stewardship and how am I connected to the environment?
- How do humans affect the environment?
- How do people act as environmental stewards?

Course WLD1130: Outdoor Survival Skills

- Can you be responsible in the outdoors?
- Can you be safe in the outdoors?
- Can you be the ultimate "survivor-man/survivor woman?"

Course ENS1910: Project A

- What projects could relate to environmental stewardship and sustainability?
- How do we build and execute a successful project?
- How do we meet goals and celebrate our project?

Where will the course take place?

The Palisades Stewardship Education Centre is surrounded by the awe-inspiring mountains of Jasper National Park.

Our strength is experiential education, blending mountain recreation with environmental stewardship.

Through multi-day, nature-immersion programs, students create memo ries that last a lifetime.

Vision

"Canadian youth will share a passion and appreciation for Canada's National Parks and National Historic Sites; through personal connection they will develop a sense of place and belonging. Youth will move beyond participation towards active ambassadorship."

Palisades Stewardship Education Centre Jasper National Park parkscanada.gc.ca

Why would I choose to participate?

- -Earn three credits in a non-traditional school setting
- -Spend four days and four nights with your friends at the beautiful Palisades Centre
- -Learn about the outdoors and connect personally with your environment!
- -Great meals and accommodations!
- -Real life learning!
- -Students who take courses at the Palisades love this place and the programming! (10 years of successful programming)

What will we do?

-Learn the concepts in an active, outdoor learning environment!

-Cooperative learning, team building activities and games, discussions on real issues tied to park management, land art, trip preparation, GPS/Compass, shelter building, fire building, reflection and mountain recreation such as hiking, biking, canoeing and two afternoons of fun, cooperative service learning that makes an impact.
