

Winter CTS Course Bundle

High School			
Teacher		Date	
# Students	10	Language	English

CTS Course	Title	1	2	3	4	5
WLD 1010	Intro to Wildlife	Define Wildlife	Interrelationships in ecosystems	wildlife management	Cluster content	careers
WLD 1060	Wilderness Navigation	Different types of navigation	Different types of maps	Interpret a variety of maps	Use of various navigational devices	Basic wilderness navigation
WLD 1910	Project A	Identify connections	Propose project	Meet and evaluate	Basic competencies	Career cluster content

***Basic Competencies** are assessed throughout the course. Students are living in a residential setting and core competencies are developed inherently as students navigate the social dynamics of travelling, learning, working and living with classmates over the four intensive days.

Pre-Immersion

WLD 1010	<ul style="list-style-type: none"> Define Wildlife Investigate and describe different attitudes and opinions regarding wildlife management
WLD 1060	<ul style="list-style-type: none"> Investigate navigation technics
WLD 1910	<ul style="list-style-type: none">

WLD 1010 Immersion Work

2. Describe interrelationships among ecosystem components and their effects on wildlife populations

- 2.1 identify biotic and abiotic components of a local ecosystem
- 2.2 analyze and explain the interrelatedness of factors within a habitat and how they affect wildlife populations; e.g., interrelationships among food, water, shelter and space; relationship of soil, water and air variables to plant and animal health; roles of producers, consumers and decomposers; food webs and energy chains; social organizations and species competition
- 2.3 relate the concepts of “limiting factors” and “carrying capacity” to wildlife populations
- 2.4 identify factors associated with adaptation and change in species
- 2.5 analyze and compare a local ecosystem to another Alberta ecosystem (MOUNTAIN)

WLD 1060 immersion Work

2. Identify and describe different types of maps

- Topographical
- Hydrographical
- Satellite imagery

Ed team office 780 852-6192x225, 780 883-1019 (c) Louis Corbeil, 780-883-0243(c)

Cell coverage at the Palisades is poor.

Version date: Wednesday, November-22-17

- Others

3. Demonstrate methods used to read and interpret a variety of maps

- Topographical
- Hydrographical
- Satellite imagery
- Others

4. Demonstrate use of a variety of navigational devices

- Maps (paper and digital)
- Compasses
- Romer scale
- GPS
- Other devices

5. Demonstrate basic wilderness navigation

- Illustrate route planning
- Determine waypoints
- Navigate in inclement weather

Day 1 –

Time	Activity	Course and S.L.O.	Location	Personnel
9:15	Arrival, gear to rooms			FY
9:45 am	Welcome, start- up briefing, set the tone, Rationale Welcome Ritual	1010 1.1, 1.2	Tipi	FY
10:15 am	Wildlife signs and tracking Wildlife focus: Wildlife definitions based on personal experience and understanding of legislation	1010 2.2,	Palisades Grounds	FY
12:00 pm	Lunch		Bunkhouse	
1:00 pm	Medicine Lake – Fire ecology (abiotic factor) caribou Biotic and abiotic review. Interrelatedness of factors within a habitat and how they affect wildlife populations Caribou management: caribou threats game, manipulative and custodial management	1010 2.1, 2.2, 2.3, 2.4, 2.5 3.1, 3.2	Pyramid Lookout	FY, JOC
4:30 pm	Matricia Brown: Welcoming Smudge and Lesson on traditional views toward wildlife and conservation practices		Teepee	JOC
6:00 pm	Dinner		Bunkhouse	
6:45 pm	Wildlife inquiry	BEE		JOC
	Reflection on skills/experiences from day Journaling Introduction and exemplar			JOC
8:00 pm	Opening campfire and career discussion with career cards	SLO 5	Fire pit or Barn	Teachers

Ed team office 780 852-6192x225, 780 883-1019 (c) Louis Corbeil, 780-883-0243(c)

Cell coverage at the Palisades is poor.

Version date: Wednesday, November-22-17

Day 2 –

Time	Activity	Course and S.L.O.	Location	Personnel
8:00 am	Breakfast		Bunkhouse	
9:00 am	Basic Wilderness Navigation Intro to maps, classroom session, Orienteering (route planning, waypoints and navigating in inclement weather)	1060 5.1, 5.2, 5.3		JOC
11: 30 am	Trip planning for the afternoon at Pyramid bench including Adventure smart online trip plan	1060 SLO 4	Barn	JOC
12:00 pm	Lunch		Bunkhouse	
1:00 pm	Trip to Pyramid Bench Wildlife related jobs	1010 2.1, 2.2 1010 2.1, 2.2. 2.3		NV, FY
4:00 pm	Depart for PSEC		PSEC	
5:00 pm	Journal	1010 SLO5	Barn	FY
6:00 pm	Dinner		Bunkhouse	
6:45 pm	Wildlife camera			FY
8:00 pm	End of classes			Teachers

Day 3 –

Time	Activity	Course	Location	Personnel
------	----------	--------	----------	-----------

Ed team office 780 852-6192x225, 780 883-1019 (c) Louis Corbeil, 780-883-0243(c)

Cell coverage at the Palisades is poor.

Version date: Wednesday, November-22-17

		and S.L.O.		
8:00 am	Breakfast		Bunkhouse	
9.00am	Activity with map identification (topographical, hydrographic, satellite, other Intro to navigational devices Gps activity then find the other navigational device in the birdhouse (gps, maps, compasses, Romer scale)	1910 SLO 1 and 2	Barn	JOC
10:15	Break			
	Basic Wilderness Navigation (route planning, waypoints and navigating in inclement weather) ???			JOC
12:00 pm	Lunch		Bunkhouse	
1:00	Off site hike : Wildlife interactions, predator prey living with wildlife walk Solo and Sit Spot	1060 5.1, 5.2, 5.3 1130(1.1 ,1.7, 1010 3.1, 3.2 Cluster 4	Old Fort Point	JOC, NV
4:45 pm	Games	Cluster 4 content		FY
6:00 pm	Dinner		Bunkhouse	
6:45 pm	Celestial navigation (outdoor if poss. But ppt if needed)	1010 (SLO 3) Cluster Content	Behind Barn (tba)	FY
8:00 pm	Campfire/ Handover to teachers		Fire pit	Teachers

Day 4 –

Ed team office 780 852-6192x225, 780 883-1019 (c) Louis Corbeil, 780-883-0243(c)

Cell coverage at the Palisades is poor.

Version date: Wednesday, November-22-17

Time	Activity	S.L.O.	Location	Personnel
8:00 am	Breakfast/ / gear from rooms (Clean rooms, pack luggage in front area)		Bunkhouse	
9:00	Service Learning	1910 SLO 3	Grounds	FY
10:00 am	Service Learning debrief	1910 (3.3,3.4)	Grounds	FY
11:30 am	Post Immersion Initial Planning Session	1910 SLO 1 and 2	Grounds	Teachers
		1060 SLO 4 & 5		FY, JOC
12:00 pm	Hot Lunch		Bunkhouse	
	Overlander Trail to viewpoint.		Medicine Lk	FY,JOC
2:00 pm	Reflection/Certificates/Group Photo/Teacher Appreciation/ Closing Circle			FY,JOC

Post Immersion

ENS 1010 –	Complete Journal
WLD 1130 –	Complete Journal
ENS 1910 –	Complete Project A Clearly identify how your project is related to WLD 1130 and ENS 1010. Follow the project plan, execute, evaluate and report on your project via photo or video project.
