

CTS Wildlife and Navigation – Earn 3 CTS Credits in Jasper National Park !

What three credits will I earn?

Course WLD1010: Introduction to Wildlife

- What is wildlife and how do humans relate to wildlife?
- How do different ecosystems affect wildlife?
- How do we manage wildlife?

Course WLD1060: Wilderness Navigation

- What are different types of navigation techniques?
- How do we use and interpret different types of maps?
- How do we use a variety of navigational devices?

Course WLD1910: Project A

- What projects could relate to wildlife management?
- How do we build and execute a successful project?

Where will the course take place?

The **Palisades Stewardship Education Centre** is surrounded by the awe-inspiring mountains of Jasper National Park. Our strength is experiential education, blending mountain recreation with environmental stewardship. Through multi-day, nature-immersion programs,

Why would I choose to participate?

- Earn three credits in a non-traditional school setting
- Spend four days and four nights with your friends at the beautiful Palisades Centre
- Learn about the outdoors and connect personally with your environment!
- Great meals and accommodations!
- Cooperative learning, teamwork, experiential learning, discussion, reflection and mountain recreation!
- Students who take courses at the Palisades love this place and the programming! (12 years of successful programming)

What will we do?

-Learn the concepts in an active, outdoor learning environment!
