Winter Travel 35

Post-Immersion Assignment #1

Instructions:

For this assignment, you and your group will plan a three-day backcountry trip in your area. You will use the skills you practised during the immersion portion of this course to plan a trip in your area. The table below will give you an idea of the things that you need to think about when trip planning. Try to be as thorough as possible when planning your trip. When you've finished you and your group will present your trip to the class. After all the presentations have been presented, the class will have the chance to vote for their favourite trip.

Use the following chart to fill in your trip plan with your group.

Assignment #2

Instructions:

For this assignment you will use all the media that you shot (movies, photos etc.) at the Palisades Centre and as a group you will create an 'Animoto' of your Winter Travel 35 course. An Animoto is a short video and still shot compilation of media produced through a website. You can choose a song and a theme to go with your presentation. These videos might be used for future promotion of the Parks Canada Palisades Stewardship Education Centre so show us what you've got!

To get started go to: <http://animoto.com/>

You will be using the Parks Canada Animoto account to create your video. Your teacher will provide you with the logon details.

Once you have logged on you can start constructing your masterpiece.

- 1) Choose a video for your background
- 2) Add pictures and video
- 3) Choose your song – You can choose a song from the Animoto catalogue or upload your own choice.
- 4) Add text

Then hit 'produce video' and view your creation. When you've finished your video make sure to save it and hand it in to your teacher.
